Straws in the Wind - Part 8

From [Inside Higher Ed](#): *Purdue University has ended a long-standing partnership with its independent student newspaper, The Purdue Exponent, and will no longer distribute papers, give student journalists free parking passes or allow them to use the word "Purdue" for commercial purposes. The Purdue Student Publishing Foundation board (PSPF), the nonprofit group that oversees The Exponent—the largest collegiate newspaper in Indiana—said the changes came without warning.*

On May 30, PSPF received an email from Purdue's Office of Legal Counsel notifying the group that their contract had expired more than a decade ago and the university would not participate in newspaper distribution or give the students exclusive access to newspaper racks on campus. In addition, the message said, the university will not enter into a new contract for facility use with the paper to remain consistent with the administration's stated policy on institutional neutrality...

Will Harvard Continue to Lead the Charge? - Part 18

From the [Harvard Crimson](#): *Harvard will cease funding more than 570 subawards for research at affiliated institutions across 32 states after cuts to federal support, according to a University spokesperson. Affiliate institutions will now take on any further spending on the hundreds of active research projects, which were previously backed by federal grants and contracts awarded to Harvard, at their own financial risk, the University told subrecipients... Harvard's messages came as mass terminations of federally funded grants from the Trump administration have racked up a price tag of more than \$2.7 billion since April. Harvard has sued to block the funding freeze, but the matter will likely take months to be resolved.*

The halt to subawards means the grant freeze will have ramifications far beyond Harvard's gates. In April, Department of Education spokesperson Madison Biedermann said that hospitals affiliated with Harvard would not be affected by the Trump administration's then-\$2.2 billion pause on federal grants and contracts...

Last fiscal year, Harvard spent more than \$181 million, or roughly 18 percent, of its sponsored funding — which comes primarily from the federal government but also includes private sources — on subcontracts. Now, Harvard has lost almost all of its federal awards, which totaled \$684 million last fiscal year. The lost grants include around 350 research grants to Harvard Medical School and more than 200 at the School of Public Health.

the plans for his department's operations in the new college sports world created by the House settlement agreement with the NCAA that will allow schools to pay athletes directly for the first time starting July 1.

The big takeaways: UCLA will distribute \$20.5 million in revenue sharing — the maximum allowed under the settlement — while

keeping its Olympic sports programs and athletic department staff intact. The school will also preserve scholarship limits at their current levels for at least one year in order to distribute more revenue sharing money to each player...

While Jarmond would not divulge the specifics of his revenue-sharing arrangement, it's expected that UCLA will follow other Power Four conference schools in using U.S. District Judge Claudia Wilken's back-payment formula as a model for current athletes. Under this formula, which will distribute \$2.8 billion to athletes who competed from 2016 to 2024 to compensate them for lost name, image and likeness opportunities, roughly 75% of the money will be shared with football players, 15% with men's basketball players, 5% with women's basketball players and 5% with all remaining athletes...

Straws in the Wind - Part 7

From the [Daily Tarheel](#): Two administrators from UNC System schools are out of jobs after videos were released of them implying noncompliance with the UNC System's policies on diversity, equity and inclusion. The undercover media group behind the recordings said it has more videos of administrators from other North Carolina schools, potentially UNC-Chapel Hill... Adam Guillette, president of Accuracy in Media, told The Daily Tar Heel that the group will be releasing at least four additional investigations from higher education institutions in North Carolina...

He said that AIM will soon release other damning material from educational institutions from about half a dozen other states across the country...

Details, Details!

Yesterday, we posted about the legislature's budget proposal for UC for 2025-26. It is worth noting that despite the concept of Regental autonomy, the legislature has very detailed instructions as to how the money it allocates to UC is to be used. The legislature does not just allocate a pile of money to the Regents and say "do what you like." Some might even call the actual practice "micromanagement."

You can judge below:

=====	4,863,436,
6440-001-0001—For support of University of California	000
.....	4,750,049,
	000

Schedule:

(1) 5440-Support	4,863,436,
	000
	4,750,049,
	000

Provisions:

1. This appropriation is exempt from Sections 6.00 and 31.00.
2. (a) The Regents of the University of California shall implement measures to reduce the university's cost structure.
- (b) The Legislature finds and declares that many state employees hold positions with comparable

scope of responsibilities, complexity, breadth of job functions, experience requirements, and other relevant factors to those employees designated to be in the Senior Management Group pursuant to existing Regents Policy.

- (c) (1) Therefore, at a minimum, the Regents shall, when considering compensation for any employee designated to be in the Senior Management Group, use a market reference zone that includes state employees.
- (2) At a minimum, the Regents shall include in a market reference zone all comparable positions from the lists included in subdivision (l) of Section 8 of Article III of the California Constitution and Article 1 (commencing with Section 11550) of Chapter 6 of Part 1 of Division 3 of Title 2 of the Government Code.
- 2.1 Notwithstanding any other law, the Director of Finance may reduce funds appropriated in this item by an amount equal to the estimated Cal Grant and Middle Class Scholarship Program cost increases caused by a ~~2024-25~~ 2025-26 academic year increase in systemwide tuition. No reduction may be authorized pursuant to this provision sooner than 30 days after the Director of Finance provides notice of the intended reduction to the Chairperson of the Joint Legislative Budget Committee.
- 3. (a) The Controller shall transfer funds from this appropriation upon receipt of a report from the Department of Finance indicating the amount of debt service anticipated to become due and payable in the fiscal year associated with state general obligation bonds issued for university projects.
- (b) The Controller shall return funds to this appropriation upon receipt of a report from the Department of Finance.
- 4. Payments made by the state to the University of California for each month from July through April shall not exceed one-twelfth of the amount appropriated in this item, less the amount that is expected to be transferred pursuant to Provision 3. Transfers of funds pursuant to Provision 3 shall not be considered payments made by the state to the university.

 - (a) *A loan may be authorized pursuant to this section no sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time that notification the chairperson of that joint committee, or the chairperson's designee, may in each instance determine.*
 - ~~28.~~ (a) As specified in Section 93000 of the Education Code, it is the intent of the Legislature that the University of California replace an additional 902 nonresident undergraduate full-time equivalent students annually from 2022–23 through 2026–27 with an equal number of resident undergraduate full-time equivalent students combined at the Berkeley, Los Angeles, and San Diego campuses. The total combined annual replacement of nonresident students should be 902 full-time equivalent students, with Berkeley, Los Angeles, and San Diego each contributing towards the 902 full-time equivalent student replacement total annually. If the University of California replaces more than 902 nonresident undergraduate full-time students in the 2025–26

enrollment target, those additional students can be counted towards the 2026–27 target. *Nonresident undergraduate full-time equivalent student replacement above that annual 902 target from 2022–23, 2023–24, and 2024–25 can be counted towards the replacement of 902 nonresident undergraduate full-time equivalent students in 2025–26.*

- (b) If the actual reduction in nonresident undergraduate enrollment in 2025–26 at these campuses is fewer than 902 full-time equivalent students, the Director of Finance ~~is not obligated to provide the deferred payment of \$31,000,000 as specified in subdivisions 30.5 (c) and (d) of the 2024–25 Budget Act.~~ *shall reduce funding for the University of California by the portion of the appropriation in the deferred allocation that is attributable to each student under the target reduction level, as specified in Section 93000 of the Education Code.*
- (c) It is the intent of the Legislature to defer ~~nonresident reduction plan funding of \$31,000,000 from 2025–26 to 2026–27. In 2026–27, it is the intent of the Legislature to provide a one-time back payment of this 2025–26 deferred amount, along with an ongoing increase of this amount.~~ *ongoing nonresident replacement funding of \$31,000,000 from 2025–26 to 2026–27. In 2027–28, it is the intent of the Legislature to provide a one-time back payment of \$31,000,000.*
- ~~(d) It is the intent of the Legislature to defer nonresident reduction plan funding of \$31,000,000 from 2026–27 to 2027–28. In 2027–28, it is the intent of the Legislature to provide a one-time back payment of this 2027–28 deferred amount, along with an ongoing increase of this amount.~~
- ~~29-~~ ~~31.~~ (a) It is the intent of the Legislature that the University of California shall increase resident undergraduate enrollment by 2,947 full-time equivalent students (FTES) in 2025–26 over the estimated 2024–25 baseline level of 206,588 FTES to a total enrollment of 209,535.
- (b) If the University of California enrolls fewer resident undergraduate FTES than specified in subdivision (a), the Director of Finance may reduce funding proportional to each student under the specified level. Funding shall be reduced at the 2025–26 state marginal cost rate of \$11,640 per FTES. If the University of California enrolls more resident undergraduate FTES than specified in subdivision (a), those additional students will be counted towards the 2026–27 target.
- (c) It is the intent of the Legislature that the University of California also increase resident undergraduate enrollment by 2,968 FTES in 2026–27, for a total level of 212,503 resident undergraduate FTES in 2026–27.
- (d) The systemwide growth identified in this provision is inclusive of the additional 902 resident undergraduate FTES resulting from the replacement of nonresident undergraduate FTES identified in Provision 30 of this item.
- ~~30-~~ ~~32.~~ Of the funds appropriated in this item, \$1,500,000 shall be available on an ongoing basis to support students with disabilities. This funding shall supplement, not supplant, core funds the University of California spends to support these students. The University of California shall allocate these funds to campuses based upon their number of students with disabilities. Campuses shall use these funds to improve services for these students, with a focus on increasing the number of professional staff serving them, thereby reducing their associated caseload.
- ~~31-~~ ~~33.~~ Of the funds appropriated in this item, \$3,000,000 ongoing General Fund shall be available to support the University of California, Los Angeles Ralph J. Bunche Center for African American Studies.
- ~~34.~~ *Of the funds appropriated in this item, \$430,000 ongoing General Fund shall be available to support*

the California Newspaper Projects at the University of California, Riverside.

35. *Of the funds appropriated in this item, \$15,000,000 shall be provided on a one-time basis to the Journalism Fellowship Program at the University of California, Berkeley.*
36. *Of the funds appropriated in this item, \$5,000,000 one-time General Fund shall be available on a one-time basis to support the Cal-Bridge Initiative. These funds can be used to support fellowships, undergraduate research, salaries and benefits for post doctoral students, scholarships for students prior to their first Ph.D. year, faculty professional development, and administration of the program.*
